AN INTIMATE HONG KONG BEACH WEDDING FROM DEREK PHOTOGRAPHY

As a true Aussie at heart, I have a bit of a love affair with the sun and the sand so it comes as no surprise that this intimate and laid back beach soiree from Derek Photography (http://derekphotography.com/) satisfies my inner beach goddess. Plus, with wedding guest numbers usually in the 300+ figures and the ridiculously hot and humid weather, beach weddings in Hong Kong are hard to come by! I'm a wee bit obsessed with the gorgeous King Proteas and the outdoor reception setting featuring a beautiful teepee and comfy campfire - the makings of a perfectly intimate seaside fête.
