

How Wellth keeps members engaged and healthy during COVID-19

1

Wellth acts as the perfect adjunct to Telemedicine

Through remote monitoring and real-time patient adherence data

2

Reduces need to leave home among most vulnerable populations

Care plan adherence reduces risk for ED visits and hospitalizations

3

Program incentives help low-income members in a time of need

Provides means to purchase items that help sustain health

4

Our Member Specialists offer connection and support to members

Customize push notifications and SMS to guide members to important resources

From our members during COVID-19

"I'm unemployed like many other people, so this would help a lot."

Wellth Member in Arizona Complete Health (Centene) Program

"I am now in the habit of taking my medications and I haven't once been in the hospital since I started with this program."

Wellth Member in Healthfirst Medicaid CHF Program
