

KBI BioPharma Awards AdvanceTEC Design-Build Cleanroom & Facility Infrastructure Projects

AdvanceTEC's expertise, technology and "Team" execution drives repeat business

Richmond, VA, November 26, 2019 – AdvanceTEC, the leader in cleanroom design, cleanroom construction and mission critical process integration, today announced that the company has been selected by KBI BioPharma for yet another cleanroom & process infrastructure project at its Durham, NC headquarters. KBI BioPharma is a leading biopharmaceutical contract services organization providing fully-integrated, accelerated drug development and biomanufacturing services to pharmaceutical and biotechnology companies globally. The two companies have a long history collaborating to design and build cutting-edge facilities with a rapid deployment.

“AdvanceTEC has demonstrated that we can provide a focused package that delivers the expertise, technology and execution our clients need for their business-critical fast-track projects,” noted Bryan Phelan, AdvanceTEC managing partner and director of sales, marketing and business development. “Our in-house team is unmatched and is enabled by leading edge IP and technology, including the most advanced 3D BIM Modeling integration. Tying it all together is our transparent and flexible approach to doing business that we’ve found vital to client success.”

“AdvanceTEC is honored to once again be working with KBI BioPharma—a pioneer in single-use and gene therapy technologies,” continued Phelan. “Leaders like KBI understand what it takes to stay ahead in a technology driven, yet competitive marketplace. To keep pace we must continually innovate and improve every facet of our business – our knowledge, our leadership, our capabilities, our technologies, our approach – to deliver project success.”
