

## AdvanceTEC Named to ENR's 2014 Top 600 Specialty Contractors List

*Award reflects AdvanceTEC's continued growth and execution*

**Richmond, VA, January 5, 2015** – AdvanceTEC, a leader in cleanroom design, cleanroom construction, and process system installation, today announced that it has been named to Engineering News-Record's (ENR) 2014 Top 600 Specialty Contractors listing. The award recognizes AdvanceTEC based on 2013 annual cleanroom construction revenues in the United States.

“AdvanceTEC is honored to once again be named to ENR's prestigious Top 600 Specialty Contractors list,” noted Bryan Phelan, AdvanceTEC managing partner and director of sales, marketing and preconstruction services. “We firmly believe that our continued growth is a direct result of the importance we place on listening to our customers. By fully understanding their requirements and success criteria, our team can provide solutions that deliver maximum value and help them achieve their project and business objectives. This understanding also guides the expansion of our capabilities, including increased in-house Building Information Management (BIM) modeling capabilities.”

The ENR Top 600 Specialty Contractor list is compiled as a part of its efforts to connect diverse sectors of the industry with coverage that everyone needs about issues such as business management, design, construction methods, technology, safety, law, legislation, environment and labor. Published online at [www.enr.construction.com](http://www.enr.construction.com), the listing is based on revenue generated from projects located within the United States during the preceding calendar year.
