

[Bizziekids](#) have been supporting parents and events across the north- west since 2004. Our close-knit team of child carers are police checked, skilled professionals who have been working with children and families for many years. We have learned over that time how to settle and engage the most nervous of children to ensure that parents can make the most of the event they are attending.

Our adult:child ratios exceed those set out by Ofsted and at least one member of staff attending will be first aid trained. All our sessions are fully insured. Room assessments take place before the day and all staff are versed on emergency procedures relevant to the venue.

On the day, we bring age-appropriate toys and equipment for the children we are expecting and turn the room into a safe and inviting space for play and socialising. The kind of environment we create will be akin to what children are familiar with from nursery or school. Role play areas, arts and crafts, board games, books and puzzles and constructive play are amongst the kind of activities we provide.

We look forward to meeting you!

If you'd like to speak to a member of the Bizziekidz team before the event, please feel free to ring Cath Griffiths on 07796 847917.
