# Keep your community more connected.

Your community extends beyond your four walls. Members need the right tool to stay connected and involved. How can you keep them informed and increase engagement virtually?

Community Connect, powered by egym, helps YMCA and JCC organizations deepen member connections by engaging them through a comprehensive member app.

Your members will stay informed and engaged.
Your team saves time and logistic headaches.

Keep your community informed.

From class schedules to your location, make your member app the one source of truth that members trust. Members can easily search for and book classes. You can keep members informed with important updates. Managing the member app is easy with the responsive admin portal.

Keep your community engaged.

Members need a more engaging wellness experience. Health goes beyond your four walls with workout tracking, fitness challenges, and goal setting. Keep members focused and engaged with their health goals and more connected to your wellness programs.

Keep your community connected.

Strengthen your brand with your member app. Make your marketing more effective with push notifications and a social media connector. Members will love rewards and your staff will love getting real-time feedback to perfect the member experience.
