# I pledge to support...

A new funding model that recognises the actual cost of running provision whether on-job, on-campus, or on-line be in place by 2022.

Increasing the funding of the tertiary education sector to 2.7% of GDP by 2024.

Improved student support.

Paying a living wage.

All investment plans must include equity implementation plans for Māori, women, and Pasifika staff and learners.

**With your support  
we'll be asking  
politicians to sign  
up and support  
tertiary education  
this election.**
