Join us, the Palm Beach Symphony and Maestro Gerard Schwarz,

as we embark on a newly imagined version of Sergei Prokofiev's musical masterpiece, "Peter and the Wolf." Peter, his grandfather, the bird, the duck, the cat, and of course the wolf, all play instruments and unite, despite their differences, to create a unique orchestra for their community. Beyond the pond and the meadow, under the twinkling lights of the town's great wishing tree, the animals and characters come together for a magical performance of Prokofiev's triumphal march, delighting the crowd and surprising each other with new and lasting friendships.
