Re: UPDATE - Section 301 Tariffs

Dear Valued Client,

The Office of the U.S. Trade Representative has extended the deadline of the scheduled increase for List 3 of the Section 301 tariffs. Originally, the tariffs were scheduled to increase from 10% to 25% duty on June 1st. The deadline has now been extended to June 15th.

Please note that this only applies to imports shipped before May 10, 2019. Goods shipped on or after May 10th will continue to face the 25% duty.
