Re: UPDATE - USTR Releases List of Chinese Goods for Tariff Increase of 25%

Dear Valued Client,

The USTR released the final list for the second tranche of Section 301 tariffs. This is the remaining tariffs from the list that was released on April 5th. These products will be subject to the additional duty rate of 25% from China. CBP will begin the collection of an additional 25% duty on these goods starting August 23.

For the list of goods impacted please refer to the link below:

Please note that this is not to be confused with the list that contains approximately 6031 tariffs and is being reviewed in the announcement on August 1st. That is a completely separate list and is still in the review process for consideration of increasing the tariff to 25% instead of the initial announcement of 10%. Written comments are being accepted until September 5, 2018 for those additional tariffs.

For the complete list of items and procedures for electronic submission of comments please refer to the link below:
