

MEN'S POLYMER-CERAMIC BAR (6 NEEDLE BEARING)

PRODUCT FEATURES

DESCRIPTION

Men's Olympic Bar, available in red, blue, or camo shaft color in a polymer-ceramic coating.

SPECIFICATIONS

The bar has a black shaft for both color options as well as 6 Needle Bearings. The bar has been rated with a 190,000PSI tensile strength test, and has a 6 month warranty for all factory defects. Weight capacity for the 8 needle bearing bar is 1,500lbs. (Over weighting the bar which causes bending is not covered under the warranty, please note the weight capacity).
