

Centauri Health Solutions Ranks No. 448 on the 2020 Inc. 5000 List of America's Fastest-Growing Private Companies

Second consecutive year in the coveted top 500 with 3-year revenue growth of 1,019 percent

SCOTTSDALE, Ariz. (Aug. 12, 2020) – Centauri Health Solutions (“Centauri”), a Scottsdale, Arizona-based innovative provider of healthcare analytics, services and technology solutions, has been named one of the fastest growing private companies in the U.S. by *Inc.* magazine. Today, the publication released its annual Inc. 5000, the most prestigious ranking of the nation's fastest-growing private companies, where Centauri ranked number 448 with three-year revenue growth of 1,019 percent. This is the second consecutive year that Centauri ranked in the top 500.

Founded in 2014 and led by CEO Adam Miller, Centauri enables health plans and providers to better navigate the complex regulatory environment of government-sponsored healthcare programs, including Medicare Advantage and Medicaid through sophisticated analytics and technology-enabled services. Over the past six years, Centauri has grown to nearly 1,500 associates nationwide serving 34 million individuals annually.

"We are honored to be ranked in the top 500 of this prestigious list for the second consecutive year," said Miller, a co-founder of Centauri and 30-year healthcare industry veteran. "This recognition comes in the same month where we added a revenue cycle analytics company to our organization, continuing our strategic growth to enhance the services we provide to our hospital and health plan clients and expand the number of individuals our dedicated associates assist in receiving critical benefits."

The annual Inc. 5000 list represents a unique look at the most successful companies within the American economy's most dynamic segment – its independent, small businesses. Companies such as Microsoft, Timberland, Vizio, Intuit, Chobani, Oracle, Zappos.com, and many other well-known names gained their first national exposure as honorees on the Inc. 5000.

As one of the top 500 companies on this year's Inc. 5000, Centauri will be featured in the September issue of *Inc.*, in addition to being part of the Inc. 5000 listing at www.inc.com/inc5000. The website includes profiles and an interactive database that can be sorted by industry, region, and other criteria for the 2020 Inc. 5000 companies.

Not only have the companies on the 2020 Inc. 5000 been very competitive within their markets, but the list as a whole shows staggering growth compared with prior lists as well. The 2020 Inc. 5000 achieved an incredible three-year average growth of over 500 percent, and a median rate of 165 percent. The Inc. 5000's aggregate revenue was \$209 billion in 2019, accounting for over 1 million jobs over the past three years.

"The companies on this year's Inc. 5000 come from nearly every realm of business," says *Inc.* editor-in-chief Scott Omelianuk. "From health and software to media and hospitality, the 2020 list proves that no matter the sector, incredible growth is based on the foundations of tenacity and opportunism."

More about Inc. and the Inc. 5000

Methodology

The 2020 Inc. 5000 is ranked according to percentage revenue growth when comparing 2016 and 2019. To qualify, companies must have been founded and generating revenue by March 31, 2016. They had to be U.S.-based, privately held, for profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2019. (Since then, a number of companies on the list have gone public or been acquired.) The minimum revenue required for 2016 is \$100,000; the minimum for 2019 is \$2 million. As always, *Inc.* reserves the right to decline applicants for subjective reasons. Companies on the Inc. 500 are featured in *Inc.*'s September issue. They represent the top tier of the Inc. 5000, which can be found at <http://www.inc.com/inc5000>.
