

ASX Release

4 March 2022

Webinar Presentation
MD Paul Bibby to discuss Bekisopa Southern Zone iron
mineralisation assay results

Highlights:

- Grades along the confirmed 5000m strike, upgraded to +68% Fe, clearly premium material
- +64%Fe and +63%Fe grades at surface and at depth in 155 continuous intercepts
- AKORA likely to develop an initial DSO project and future Direct Reduction Iron feed with product at 68%+ Fe and low impurities
- Potential feed for Green Steel production with high grade and low impurity iron ore
- Highly encouraging results ahead of pending significant JORC Resource

AKORA Resources ("AKORA" or "the Company") (ASX: AKO) is pleased to invite shareholders and investors to a Webinar Presentation to be conducted by Managing Director Paul Bibby which will discuss the recent announcements (ASX 02/02/2022) regarding the Southern Zone at the Bekisopa Iron Ore Project in Madagascar
