

IMPORTANT
SNAP Work Requirements and Time Limits
Temporarily Suspended

DCF has suspended all SNAP (food assistance) time limits and work requirements during the COVID-19 public health emergency. No one in Florida should have a time limit or be required to work 80 hours in order to get or keep their SNAP for now. Work requirements are suspended through May 2020 and time limits are suspended throughout the entire COVID-19 public health emergency.

- ***What if I lost SNAP in the past because DCF said I did not comply with work requirements or I already used up my time limits?***

If you were told that you couldn't get SNAP in the past because of work requirements or time limits, you should apply again..

- ***How do I reapply for SNAP?***

There are several ways to apply:
