

The **ONLY**
Twin-Ram Tilt Coupler
with world-leading
tenX® technology

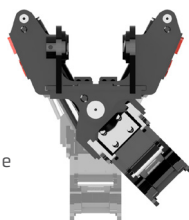

Low Maintenance
Heavy Duty Construction
Induction Hardened Rods

The WedgeloX tenX Twin-Ram Tilt Coupler is the cost effective option for excavator operators looking for more versatility from their machines.

The simplicity of cylinder activated tilt operation mixed with the class-leading tenX attachment system makes for a safe and robust quick coupler.

**90°
Tilt**

★45 degrees each side

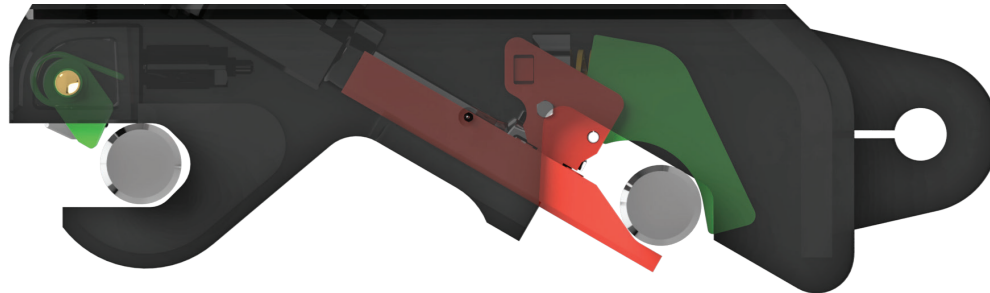

World Class Engineering | Simple Operation
Unprecedented Reliability | Patented Safety★

 **wedgeloX**

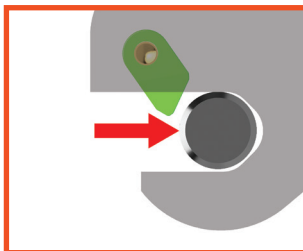

SAFE : COMPLIANT
SIMPLE : RELIABLE
 The coupler that
 ticks **ALL** the boxes

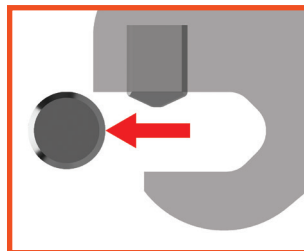

LIFTING EYE

Increased working load limits allow lifting capability of the carrier machines to be maximised

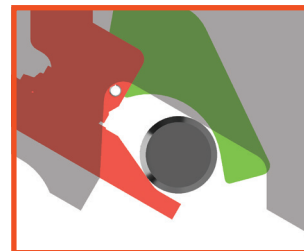

INSTANT SAFETY KNUCKLE

Coupler is locked to attachment and safe as soon as the first pin is engaged

INSTANT RESET TRIGGER

Coupler is ready for re-attachment immediately after disengagement

WEDGE and SAFETY ARM

Safety Arm maintains pin-to-Wedge relationship in the event of loss of engagement force

MULTI-MODEL DESIGN

Easily fits almost all attachments in the weight class

tenX® Twin-Ram Tilt Coupler

Supplied with two bucket pins

Weight Class	PART #	DESCRIPTION	EST. WEIGHT [kgs]	TILT ANGLE [degrees]
055	CTX-055-K	TWIN-RAM TILT COUPLER	90	145
