SUMMARY

> As a local builder at the time, Kubale Constructions has provided years of ongoing maintenance services at this Warragul accommodation site. The original contract included a major refurbishment of all suites including complete replacement of the existing wet areas with new modern bathrooms and toilets along with the floor coverings, tiling and painting throughout. Works also included an upgrade to many of the external building elements.

Kubale Constructions then maintained the property providing basic carpentry and other trade services to keep the facility operating and in presentable condition to clients.

CONSTRUCTION TECHNIQUES EMPLOYED

- > Tiling, painting and floor coverings
- > On-call for urgent maintenance works
- > Ongoing carpentry and trade services
