

COVID-19 SITE SAFETY RULES

MEARS

These rules have been written to comply with Public Health, NHS, HSE and Government Guidelines and the Construction Leadership Councils Site Operating Procedures Edition 4.

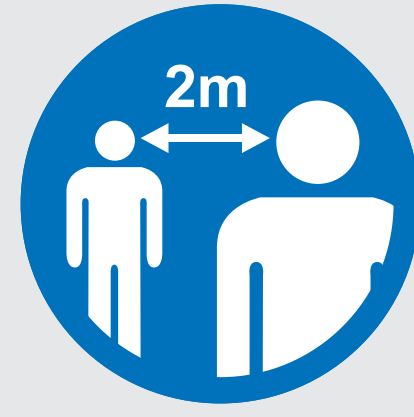

Please sanitise or wash your hands immediately on entering site.

Please use your own pen when signing in or signing any documents whilst on site. Ensure you observe the 2m rule if queueing to sign in.

Wash Your hands on entry and exiting site and on a regular basis for 20 seconds with soap and water and dry properly using disposable towels.

The 2 metre social distancing gap must be adhered to at all times. Where this cannot be achieved please refer to the close working risk assessment.

Maintain 2m distance between employees and ensure tables/surfaces are cleaned and disinfected after every use.

To avoid queueing outside the canteen/rest area, bring pre-prepared food and drinks to site and eat in your own vehicle if possible.

The 2 metre social distancing gap must be adhered to whilst using smoking areas.

Do not enter an area when other people are inside exclusion zones.

No unauthorised persons are allowed on site.

One person at a time may use the toilets facilities. Ensure all surfaces are sterile wiped before and after use i.e. taps, basin, toilet seat, handles etc.

Do not share tools and equipment. Regularly clean these with disinfectant wipes and keep them stored safely.

If you develop a high temperature, a new persistent cough, a loss or change to your sense of smell or taste whilst at work, report this to your line manager. Do not touch anything.

Vehicles should not be shared wherever possible. If you do need to share a vehicle with someone else please refer to the close working risk assessment.

The 2 metre social distancing rule does not apply in a fire or in the event of an evacuation.

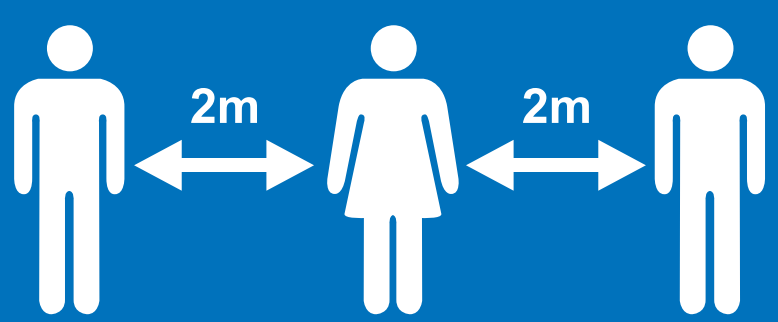

Ensure that door handles, rails or areas where frequent contact is made are cleaned regularly using disinfectant, sanitizer or wipes.

Carry out work in accordance with relevant Sig / Trade or specific RA requirements and training. No additional PPE to standard requirements is needed.

Keep a safe distance

REMEMBER TO KEEP A SAFE DISTANCE WASH YOUR HANDS

STAY ALERT - CONTROL THE VIRUS - SAVE LIVES
