"My goal is to educate normal people around all aspects of running, focusing on balancing training without impacting busy lifestyles. Regardless of distance run, the most important thing is to build strong foundations. I need to warn you though, as there are some side effects to my approach. Not only will you perform better than you imagined, but your body will become unbreakable and the likelihood is you will look better naked."

Running should be seen as more than an A to Z process & destination. It's far more than that. The health benefits are significant. Not only the physical benefits, including stronger muscles, stronger cardiovascular system, but also with something often overlooked. Our mental health. Giving to yourself, to allow you to give to others. Having time to yourself, without pleasing others, without distractions, is one of the most liberating and powerful things you can do. Giving yourself the ability to breathe, to think & dream without the opinion of others, gives you freedom to put things into perspective.

We need to fuel our efforts & aspirations, so these pages will empower you to take control of your nutrition. Enjoy every bite and every mile run.

The background of the page is a top-down view of a meal. It features several wooden skewers with grilled vegetables like zucchini, mushrooms, and onions, along with pieces of yellow bell pepper. To the right, there is a bowl of fresh green spinach salad with small white seeds. In the bottom right corner, there is a bowl of green guacamole. A single slice of lemon is placed near the center. The entire scene is set on a light-colored, textured surface.

# BREAKFAST COOKIES

SERVES: 12

TOTAL TIME: 25 MINUTES

## INGREDIENTS

1 **ripe banana**  
125ml **sunflower oil**  
165ml **unrefined sugar** or 78ml agave  
1 tsp **vanilla**  
113g **plain flour**  
½ tsp **baking soda**  
¼ tsp **salt**  
½ tsp **cinnamon and nutmeg** (to your taste, optional)  
180g **rolled oats**  
60g **mixed nuts**  
35g mixed seeds  
70g **dried fruit**

## INSTRUCTIONS

Begin by preheating your oven to 200°C/400°F/Gas 6.

Add your banana to a large mixing bowl and mash it really well with a fork.

Add the oil and sugar and continue to mix well.

Next, throw in the flour, baking soda and salt. Feel free to add ½ tsp cinnamon, nutmeg or any spices you desire.

Mix these ingredients together until the mixture is quite moist

Now it's time to add the oats, nuts, dried fruit, seeds and protein chunks you have chosen to include. Mix really well with your hands to make sure it is all well distributed and stuck together.

Make small balls with the dough and place on an oiled baking tray. Flatten the balls with the palm of your hand, making sure there is a reasonable gap between each disc shape.

Bake for 10-15 minutes (depending on how browned you like your cookies). Remove from the oven and leave to cool on the baking tray. Once they have slightly hardened, twist and lift to remove them from the tray and place on a cooling tray for a further 10 minutes.

# TOFU SCRAMBLED EGGS

SERVES: 2

TOTAL TIME: 10 MINUTES

## INGREDIENTS

425g organic **sprouted tofu**, firm

1 tsp **non dairy butter**

½ tsp **onion powder**

½ tsp **garlic powder**

¼ tsp **sea salt**

¼ tsp **turmeric powder**

3 tbsp **vegetable broth**

## INSTRUCTIONS

Start by draining the tofu from the water.

Heat a medium nonstick skillet (if you don't have a nonstick skillet, make sure your pan is well-greased) over medium-high heat. Add a tsp of non dairy butter, either way, for an even creamier taste.

Add tofu and all spices together. Using a spatula, cut up the tofu in the pan to look like scrambled eggs.

Add the vegetable broth (1 tbsp at a time). Bring the broth to a boil and allow each tbsp of water to fully absorb into the tofu before adding the next.

Remove from heat and season with sea salt and pepper, as desired.

# VEGAN POWER WAFFLES

SERVES: 2

TOTAL TIME: 25 MINUTES

## INGREDIENTS

500ml **water**

90g **oats**

31g **millet**

28g **flax meal**

65g cup whole **pecans** or **walnuts** (or a mixture of both)

½ tsp **salt**

¼ **apple**

## INSTRUCTIONS

Blend all ingredients in a high speed blender until smooth.

Bring your waffle iron to high heat. If you are going for a completely oil-free waffle (and you don't have a brand new non-stick waffle iron), sprinkle a few sesame seeds on the lower portion of the iron before pouring the batter.

Cook waffles according to your waffle iron's instructions, but it should take about 8-10 minutes. Remember, with all the oats and flax in there, you'll need to cook it a little bit longer to prevent "goopiness".

Divide waffles onto two plates and serve hot.

TOTAL TIME: 55 MINUTES

## INGREDIENTS

1/4 **dried red lentils**, rinsed and drained  
3 **onions**, finely sliced  
1 tsp **sunflower oil**  
4 large **garlic cloves**, whole  
1 large **aubergine** or 2 small ones, diced

Firstly, thoroughly rinse and drain the lentils and place in a pan. Cover with water and bring to the boil. Reduce to a simmer for around 12 minutes until soft and swollen. Drain, rinse well and set aside.

Meanwhile, soften the onions in a large pan with a little oil over medium heat. After about 10 minutes, add the garlic cloves (peeled, but whole) and aubergine, stirring often. Cook for 15 minutes, adding more oil, if needed.

Add the cumin, cinnamon, star anise or fennel seeds, and pepper, as well as half of your chosen quantity of chilli, leaving half to garnish. Stir well to combine, then add 200ml water to the pan, and turn up the heat to medium-high.

Add the reserved lentils, tomato purée and vinegar, or lemon juice, and stir well. Bring to the boil, then reduce to a simmer and cover for around 30 minutes, stirring slowly every now and then.

If it still looks too watery, bring it back to the boil, then reduce the heat and cook a little more. Stir through the spinach a few minutes before serving, taste and add the extra chilli, if you like.

Divide into two bowls and serve hot with rice, if you desire.

# POWER PROTEIN SALAD

SERVES: 2

TOTAL TIME: 15 MINUTES

## INGREDIENTS

For the chili roasted **almonds**:

140g **whole raw almonds**

Drizzle **extra virgin olive oil**

½ tsp **smoked paprika**

½ tsp **chili powder**

½ tsp **salt**

For the rest of the **salad**:

4-5 handfuls **mixed greens**

100g **quinoa**, cooked

60g **edamame**, cooked and shelled

90g **kidney beans**, cooked

100g **chickpeas**, cooked

¼ **red onion**, sliced

To Serve:

Your favourite **salad dressing**

## INSTRUCTIONS

Start by preparing the chili roasted almonds. Bring a cast-iron skillet or other skillet to medium-high heat.

While the skillet is heating, combine almonds, olive oil, and spices in a bowl. Just use enough olive oil to lightly coat the almonds, not any more. Mix well until almonds are evenly coated with the oil and spices.

Once skillet is hot, add spiced almonds to the pan and sauté for 3-5 minutes, or until the almonds start to brown and become fragrant. Be sure to stir frequently so they don't burn. You may hear a popping noise - it's just the almonds cracking.

Once almonds are done cooking, remove from the skillet and let cool for a few minutes.

Now for the rest of the salad.

To assemble your salad, toss mixed greens, quinoa, beans, chickpeas and onion with your favorite salad dressing until evenly combined. Divide into 2 bowls.

This salad is really versatile - feel free to sub quinoa with any other grain, or sub any type of hardy beans for the beans listed in the recipe. It will all taste great!

Place  $\frac{1}{2}$  cup of sugar, brown sugar, peanut butter, butter, and vanilla into a large mixing bowl. # VEGAN LEMON BARS

SERVES: 24

TOTAL TIME: 50 MINUTES

## INGREDIENTS

180g **vegan butter**, at room temperature

105g **organic granulated sugar**

60ml **unflavored non-dairy milk**

240g **all-purpose flour**

½ tsp **salt**

For the **Filling**:

180ml **lemon juice**, chilled

60g **cornstarch**

1 can (400ml) **coconut cream**

150g **organic granulated sugar**

2 tbsp **lemon zest**

1 tsp **lemon extract**

½ tsp **salt**

Pinch **turmeric**, optional, for color

## INSTRUCTIONS

Preheat the oven to 180°C/350°F/Gas 4.

Begin by making the crust. Place the vegan butter and sugar in a large mixing bowl and beat at high-speed with an electric mixer, until creamy. Start beating in the flour, adding about 1/2 cup at a time and beating until fully blended before adding more.

Sprinkle the salt over the last addition of flour before mixing it in. At this point, the mixture will be very thick. Set aside the mixer and stir the dough together with a spoon.

Spread the dough in an even layer into the bottom of a 9 x 13 inch baking pan. Bake for about 20 minutes, just until the edges of the crust begin to pull away from the sides of the pan.

While the crust bakes, make the filling. Whisk the lemon juice and cornstarch together in a small bowl or large liquid measuring cup. Place the coconut cream, sugar, lemon zest, lemon extract, salt and turmeric, if using, into a medium saucepan and place it over medium-heat.

Slowly heat the mixture up, stirring frequently. After a few minutes the sugar should dissolve and the coconut cream should liquefy. When the coconut cream mixture comes to a simmer, stir in the lemon juice mixture. It should begin to thicken up very quickly.

Continue cooking the mixture for about 1 minute, stirring frequently, until it becomes thick and glossy. When the crust comes out of the oven, spread the filling over it, using a spatula to smooth out the top surface.

Return the pan to the oven and bake for 15 minutes more, until the filling becomes bubbly around the edges. Remove the pan from the oven and transfer it to a cooling rack. Allow the bars to cool completely. The filling will continue to thicken up as it cools.

Slice and serve or store at room temperature in a sealed container for 2-3 days or in the refrigerator for up to 1 week.
