SPECIFICATIONS

NEP BELGIUM STUDIO 1

- 1341 m²
- Perfect location for TV, film, commercial use and events
- Near the A12 highway from Brussels to Antwerp - we are very accessible and easy to access
- Equipped with 6 grid frames that can go up and down separately; each frame can lift up to 6800kg
- Power supply of 600kVA
- Greenkey wall of 18 W by 7 H, seamlessly connected to the floor
- Black curtains that cover the entire studio and a 60m seamless white cyclorama
- Equipped with a 60m bluekey curtain
- Includes its own technical room where clients can put dimmer racks and connect to several supply lines that go to the grids and lighting booms in the studio
- Connected to our warehouse, so sets and equipment can be loaded and unloaded inside the building, with direct access to the studio
- All accesses to the studios are at level 0
- Parking space for 2 OB trucks in warehouse, if needed
- 7 dressing rooms, plus a makeup and wardrobe room
- An office
- Reception on first floor to collect an audience
