

Health Insurance Options for Small Businesses

Helping your employees access health insurance is easy.
Let them choose a plan that is right for them.

► What is an individual health plan?

Individual health plans are purchased and managed by the employee for themselves and/or their families. Employees choose a plan that best fits their health care needs.

► Find coverage on *Washington Healthplanfinder*

Washington Healthplanfinder is the state's official online marketplace for individuals to shop, compare and sign-up for quality health and dental coverage.

Washington Healthplanfinder offers:

- Plans with essential health benefits and preventative services.
- Exclusive access to federal tax credits and Cascade Care Savings to reduce monthly premiums.
- Enrollment into Washington Apple Health (Medicaid) for those that qualify.

► When can I sign-up for coverage?

- During open enrollment (starting Nov. 1) or a qualifying life event (QLE) such as a change in household size, change of income or loss of employer coverage (a full list of QLE's can be found on wahealthplanfinder.org).
- Enroll into Washington Apple Health year-round.

Find the right plan on wahealthplanfinder.org or the WAPlanfinder Mobile App.

Have Questions? We have Answers!

Contact Marie Cooper - Senior Small Business Outreach Coordinator
at smallbusiness@wabhexchange.org to learn how employers can support their
employees in finding coverage or to get connected to an enrollment center.
