**Model: SZ-DL10W4-LP**

## LED Down Light

### Features

- Using high quality and high power led source, long lifespan, high efficiency and good energy-saving effect.
- Using constant current switch driver control, suit wide range voltage.
- Adopting large field heat dissipate structure, good heat dissipation.
- Light reflector surface vacuum-evaporated aluminum processing,

### Specification

Model No.	SZ-DL10W4-LP
Power	10W
LED Type	2835
Input Voltage	AC90-135V (Dimmable)
Working Temperature	-20°C to 50°C
CCT	3000k / 4000k / 5000k
Beam Angle	110°
Laminating Efficiency	≥ 80LM/W
CRI	>90
Luminous	750-900 LM
PF	≥ 0.95
Water Protection	IP65
Certification	UL ES
Package Size	580*300*305mm LXWXH
