

## Case Study: Lowell Public Schools

**Summary:** Lowell Public Schools, located in Eastern Massachusetts completed a district wide migration to Office 365 for all their educators & staff. Entire staff migration consisted of over 4500+ end users.

**Challenges:** The client wanted to upgrade to Office365 and maintain their current Active Directory & Barracuda to the Office 365 environment. Install new Exchange Server verify complete Users//Mailboxes migration.

**Solution:** WCA performed an IT assessment and then provided a complete proposal to install new Exchange 2016 server, provide Office 365 migration including their existing users/mailboxes and data. Project also validated that all users have been successfully migrated, clients existing AD and Barracuda supported the new Office 365 configuration.

**Benefits:** The solution implemented at Lowell Public Schools, with an infrastructure designed and configured based upon best practices while meeting the customer's performance and budget requirements. The details of these benefits are as follows:

- Office 365 migration (including build/provision existing tenant, migrate over 4500+ users/mailboxes/data)
- Configure & validate Barracuda Cloud Security to Office 365
- Configure & validate existing AD to Office 365
