

Past Performances

Freedom West participates as a DBE prime contractor, sub-contractor and joint venture partner. Highlighted below are a few of the projects where we've served.

O'Hare International Airport: Freedom West is currently providing construction management for the pre-cast concrete assembly for the 2,500,000 square foot, five-story parking structure at O'Hare Airport's Consolidated Car Rental Facility (ConRAC). The work includes scheduling and safety oversight.

Career Education Corporation: Freedom West provided construction management for the asphalt paving of a 650,000 square-foot parking garage for this privately-owned postsecondary higher education provider, in Schaumburg, IL. The work included management of a safety program, scheduling, obtaining permits, and supervising trade work, which included glass installation, asphalt paving, plumbing, electrical work, and landscaping.

University of Chicago: Freedom West provided construction management for the rehab of a three-story brownstone that houses this private educator's Institute of Politics.

Mission: Freedom West takes responsibility for many of the time-consuming, routine tasks that are an integral part of road and building construction projects. Our goal is to enable companies of all sizes to focus on acquiring new customers and realizing their full growth potential. In this regard we are committed to being a reliable partner that our clients can trust to perform as agreed.

Core Competencies

Freedom West is a full service construction management company that utilizes a flexible approach to perform designated construction tasks to suit the needs of each customer. The company has an extensive network of human resources, which it combines with its skills and expertise of its management staff to simplify construction processes and attain maximum efficiency. Freedom West serves a wide spectrum of construction trades in Chicago and its south suburban areas. These include general construction, pre-cast construction, asphalt paving, excavation, concrete flatwork, concrete foundation work, plumbing, electrical, mechanical/HVAC, landscaping, and glass and glazing. Following are some of the construction management tasks we perform.

- ◆ Implementation & Management of Safety Programs
- ◆ Obtaining Permits
- ◆ Scheduling
- ◆ Oversight for Drawings & Documentation
- ◆ Maintaining Construction Logs
- ◆ Quality Control Inspections
