## Core Competencies

Reynaga Brothers Construction Corp. is a long-time, family-owned hauling service, dedicated to the road and building construction industries. The company is a leader in its field, boasting an extensive fleet of trucks and equipment that includes six-axel and three-axel semi dump trucks, bobcats and an assortment of machinery for excavating and cement flat work. Its full-time team is comprised of eight professional drivers, dispatchers and office administrators. Augmented by a network of independent truck owner/operators, Reynaga Brothers is one of the most reliable hauling services in north east Illinois and the best all round hauling service.

## Past Performances

Reynaga Brothers has served the Chicagoland area for nearly a quarter of a century. We have participated honorably on many of the area's most notable road construction projects. These include the following.

**Golf Road Bike Path:** Reynaga Brothers hauled away construction debris and hauled in construction materials for the Village of Schaumburg's Golf Road Bike Path. The company also provided excavation work for the \$1.7 million project.

**I-90 Rebuilding and Widening Project:** Reynaga Brothers participated on the Illinois State Toll Highway Authority's massive \$2.5 billion project to rebuild and widen the Jane Addams Memorial Tollway (I-90). The company hauled away construction debris and hauled in road construction materials.

**I-390 Elgin - O'Hare Expressway Expansion:** Reynaga Brothers is currently participating on the Illinois State Toll Highway Authority's \$3.4 billion project to extend I-390 with 17 miles of new road construction just west of Route 53 to the western edge of O'Hare. Reynaga Brothers is hauling away road construction debris and hauling in new road construction materials.

**Mission:** Reynaga Brothers was established in a zealous attempt to utilize our skills and experiences in the transportation industry to assist road and building construction contractors. We strive to build enduring business relationships based on mutual respect and trust. In this regard, Reynaga Brothers is committed to providing quality, efficient work, in a timely manner, for the lowest responsible price.
