Mission

Walls Trucking is committed to a culture of excellence and respect. This is demonstrated in all ways, at all times, from the way we perform our job and interact with associates on the roads and at the jobsites, pits and quarries, to the concern and care we give our customers and our workers.

Core Competencies

Walls Trucking is a dump truck hauling company dedicated to serving prime contractors in the road and building construction industries. The company is organized to provide the most reliable, responsible and efficient hauling of construction debris and virgin and recycled construction materials. Its extensive fleet of trucks includes late model Mack and International Trucks, and Hilbilt Trailers. Walls Trucking is a family-owned business with a full-time staff of drivers, dispatch operators, administrators and mechanics. For additional support, the company accesses a network of 25 independent truck owner/drivers. Its drivers are experienced union drivers, committed to the company's culture of respect, courtesy and safety, on the roads, the jobsites and at the pits and quarries. Its administrators are devoted to excellence in customer service and meticulous certified payroll. Walls Trucking serves customers within a 50 mile radius of its west side Chicago location. Walls Trucking specializes in hauling construction debris and virgin and recycled construction materials:

Construction Debris

Broken Concrete

Broken Asphalt

Road Grinding

Gravel, Sand, Dirt

Construction Materials (Virgin & Recycled)

CA6, CA7, PGE Materials, RAP

3 inch Stone, Liquid Concrete

Dirt, Gravel

Past Performances

Since its establishment in March 2007, Walls Trucking has garnered an impressive clientele of prime contractors and participated on scores of major road construction projects. Following are highlights of this work.

Central Blacktop Co. Inc.: Working with Central Blacktop as a subcontractor, Walls Trucking participated on the The \$12.7 million 75th St. Reconstruction Project in Darien, IL, a project of the Du Page County Division of Transp. Walls transported dirt, broken concrete, broken asphalt and virgin gravel and asphalt.

Bigane Paving Co.: Walls Trucking served as a subcontractor for Bigane Paving on the Chicago Dept of Transp.'s \$2.5 Million No. Lake Shore Dr. Resurfacing project. The company hauled away milling and hauled in asphalt and special pea gravel.

K-Five Construction Corporation: Walls Trucking participated as a subcontractor for K-Five Construction Corporation on the Midway Airport Runway Reconstruction Project in 2015.
