According to the new tax measures related to the COVID-19 crisis, it is possible to form a fiscal reserve as a so called "Corona tax reserve". The expected loss of 2020 amounts to about \in 140.000 can be offset against the profit of the year 2019.

It would not affect the figures of the financial statements 2019. However, by forming the Corona tax reserve, the profit of 2019 will immediately offset against the expected loss of 2020.

As a result, there is no corporate tax to be paid on the 2019 result.
