

8(A) CERTIFIED TRIBAL ENTERPRISE

Makwa Global, LLC is a tribally owned enterprise supporting a portfolio of SBA 8(a) certified companies, some of which maintain HUBZone certifications, delivering a strategic approach and superior dedication to our customers. Makwa Global provides shared services infrastructure support to our businesses, allowing our customers to benefit from the agility and flexibility of working with a small business, while receiving support from an enterprise with decades of business experience.

The Makwa Global portfolio offers diverse capabilities, experience, and history in security, training solutions, construction and facility services, professional services, and logistics to government entities.

As the federal subsidiary of Mille Lacs Corporate Ventures (MLCV), representing the Mille Lacs Band of Ojibwe, Makwa Global's mission is to bring world-class solutions to our federal customers while providing significant contributions to our tribal community.

A New Approach to Tribal Enterprise Capabilities for Government Agencies

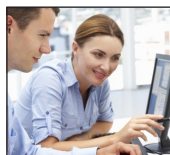

Security Services: For over 30 years, our team has provided tactical and creative solutions to vital assets and infrastructure in locations throughout the world. We deliver static security, licensed law enforcement officers, crisis management, fire protection and training to meet each client's needs.

Training Solutions: Whether in a classroom, training facility, workshop, or field-based exercise, Makwa offers training best tailored to meet each course delivery. We offer the full realm of military, law enforcement, antiterrorism, and capacity-building training.

Construction & Facility Services: We manage the building of substantial government, commercial, residential, and industrial construction endeavors, as well as the maintenance and facility services to support these facilities post construction.

Professional Services: Our team provides a diverse set of capabilities, experience, and history including administrative staffing, office administrative services, program management, financial planning, policy support, RDT&E, intelligence support functions, counterterrorism/anti-terrorism, medical staffing, temporary staffing, and advisory/consulting services to clients.

Logistics: For over 26 years our team has managed logistics for companies spanning the globe providing solutions for a full array of services including supply chain management, aviation and logistics support, fulfillment, dispatch services, and customized solutions.

Information Technology: Whether it is network operations, engineering, or cybersecurity, our team has the experience and skill set to accelerate your IT modernization efforts. Our team has decades of performing for federal clients, and we are proud to assist in keeping our nation and its military on the cutting edge of today's technology.

Nestled on the edges of Mille Lacs Lake in East Central Minnesota, the Mille Lacs Band of Ojibwe has called this region home since 1745. Although most of the reservation land granted to them by the US Government was taken away, they have maintained their history and traditions. Determined, proud, and resourceful as a people, they have preserved their rich culture for hundreds of years. Through the Mille Lacs Band of Ojibwe, Mille Lacs Corporate Ventures now owns over 30 businesses worldwide, employs nearly 5,000 people, and is the 40th largest employer in Minnesota. Makwa is proud to represent the Mille Lacs Band of Ojibwe.

GLOBAL PRESENCE

Makwa maintains a presence throughout the world by strategically positioning business development and seasoned operations personnel in regional offices around the globe.
