

KINDERGARTEN - FIRST GRADE

Distance Learning Plan

As we prepare to begin the 2020-2021 school year, we are filled with excitement for the days to come. We look forward to teaching and shepherding your elementary student through the in-person school days while also being prepared for individuals or whole groups to be absent for short periods of time. It is our heart's desire to meet our students' needs with grace and love. Please pray for our entire school as we navigate these unknown waters.

SCENARIO	TEACHER	STUDENT	PARENT
A K-1 grade student is asymptomatic and quarantined due to COVID-19.	The teacher will post lessons and assignments in Seesaw within 24 hours of the lesson being presented in the classroom. The lesson may include independent readings, teacher recorded lessons, or video links...to name a few of many options.	The student will complete work thoroughly and upload pictures of their work to Seesaw.	The parent will help keep their student accountable to complete assigned work by the time they return to school. The parent may contact the teacher via email to ask questions as needed.
A K-1 grade teacher is asymptomatic and quarantined due to COVID-19.	A substitute teacher will be brought in for the period of the quarantine.	The students will treat the substitute with respect and maintain a high level of care and responsibility.	Parents will continue to encourage and support their child.
The whole class or whole school is quarantined for a short period of time.	The teacher will provide home learning plans and supplemental videos in Seesaw. If the quarantine period is longer than one week, the teacher will connect with the class via Zoom meetings.	The student will complete work thoroughly and upload pictures of their work to Seesaw.	The parent will help keep their student accountable to complete assigned work by the time they return to school. The parent may contact the teacher via email to ask questions as needed.

If you do not have an available device for your student to use while quarantined, please contact Brook Spaulding or Amanda Schouweiler.
