

January 12, 2022 update

Happy New Year PCS families!

Welcome back to school! We look forward to second semester starting soon. We are enjoying the current weather that is providing our kids with the opportunity to play outside in the fresh air. We can always hope that it will stay above zero for the remainder of the winter!

Within the video is an update on the “Finishing the Race” campaign, a timeline for next steps, an overview of the Continuous Enrollment process that will be e-mailed and mailed out this week, and finally, a C-19 data update. Thank you for taking the time to view [today's video](#).

If you have additional questions, please send them to info@parkchristianschool.org.
