

Innovu empowers advisors and employers to continuously eliminate waste from their healthcare costs, delivering material savings and improving the health and financial security of employees and their families.

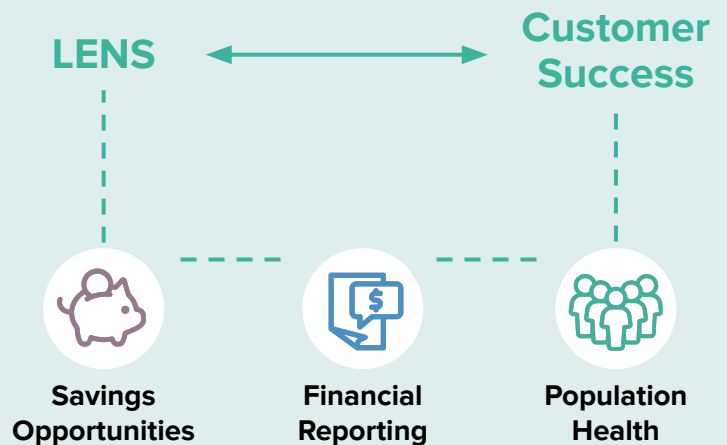

What We Do

- ✓ **Identify Healthcare Waste**
- ✓ **Quantify & Target Savings**
- ✓ **Measure Results**

High Tech + High Touch

Innovu provides advisors with our cutting-edge LENS platform, coupled with Customer Success experts. This total solution will drive savings opportunities for employers, provide financial reporting and the tools for plan sponsors to adhere to the Consolidated Appropriations Act.

Benefits

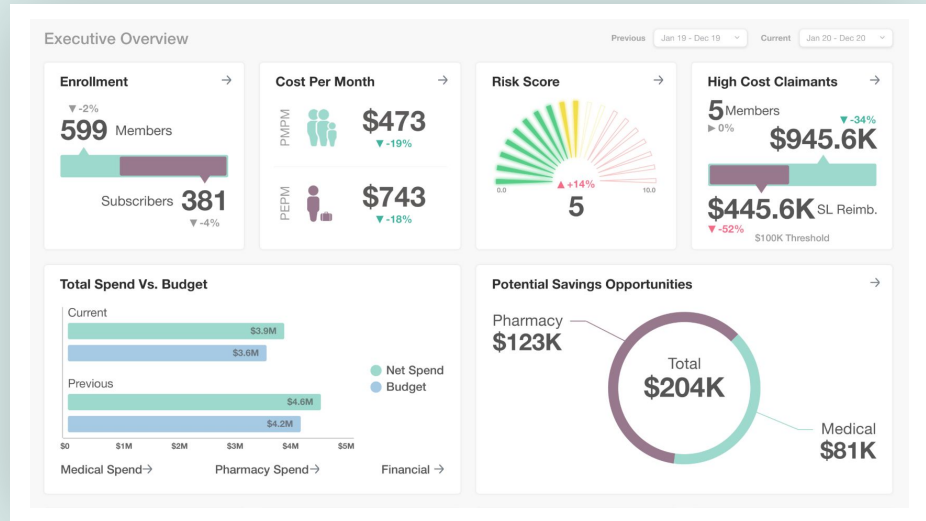

- Create value that can be continually measured and validated
- Optimize client plans, programs, and related costs
- Improve employee lives
- Deliver meaningful savings for your clients

Outcomes

- Win more business
- Retain more clients
- Operate more efficiently

Lens: Our Data & Analytics Platform

The Innovu LENS platform provides a comprehensive set of data points in clear and understandable dashboards and reports to help guide client decisions and drive meaningful savings strategies.

Our Customer Success Teams

A team of Innovu experts analyzes complex data sets to identify actionable savings opportunities for your clients.
