

Karamat Ullah

10. June 2020

LOYALTY

Karamar averages around 2 years in his previous jobs.

REMOTE FIT

Karamat is a very experienced remote worker. He`s been working remotely for 7 years. He has a professional home office setup at his location in Lahore, Pakistan.

FLEXIBILITY

As a full-stack developer Karamat has good knowledge and experience of working within all aspects of software development. He is also a founder and has worked as a manager.

GROWTH MINDSET

Karamat is updating his skillset constantly. As his field is continuously changing he invests a lot of time growing his abilities. He is a hands-on learner.

CV/ONLINE PROFILES

His LinkedIn is straight forward and to the point. His CV is basic.

VOLUNTEERING

Karamat has since 2017 been involved in 2 very interesting volunteer organizations. He also is working on a project to teach coding to women in Pakistan.

OUR FEEDBACK

Karamat is a professional full stack developer. He knows his fields and all the outs and ins that this complex field brings.

If you are looking at developing a professional website or have issues with your current Karamat is a great candidate for you.

He is also a trainer and his skills as a trainer means he can go in a manage a remote team of developers.

He “speaks” most of the developer languages, and know the basics of the rest.

If you are looking for a senior software designer that has many years of experience and a good remote home office setup then reach out to Karamat.
