## LOYALTY

Virginia is still young and has not been employed in many jobs yet. However, she has been consistent in the roles she has held so far.

## REMOTE FIT

Virginia lives in Bali, Indonesia, but is not a digital nomad. She has been working remotely for the last 2 years, and she would like to continue doing that, however, she is also happy to move. She is fluent in English and a professional communicator.

## FLEXIBILITY

With limited years of experience, she has not been in many roles yet. She has experience from insurance and from sales and marketing.

## GROWTH MINDSET

Virginia graduated in 2018 and is not using her jobs as ways to grow her skills and abilities.

## CV/ONLINE PROFILES

She has a good LinkedIn profile with some very impressive feedback given by former colleagues

and mentors. Her CV is very colorful and can indicate a person that likes to be a little bit different.

## VOLUNTEERING

Virginia was a volunteer for a research program when she worked in AIG.

## OUR FEEDBACK

Virginia comes across as a very ambitious person. She has a lot of passion for her profession and would love to be able to put her passion into action with a serious company.

She has excellent communication and interpersonal skills online and is very good in a remote team.

She would be great in a marketing role that has to do a lot of B2B, but also B2C. If your company deals with important customers I see Virginia as being someone who can help build professional relationships.
