

left hand

right hand

- Place fingers on the colors: pinkies on purple, ring finger on green, middle finger on blue, index finger on yellow and thumbs on red. Have students touch each color starting with yellow (index finger), then blue, green, purple and then thumb on red. They should recite the numbers forwards; 1, 2, 3, 4, 5, then backwards starting with thumbs; 5, 4, 3, 2, 1.
- Starting on the left hand have student touch each finger on coordinating color starting with yellow, then blue, green, purple then red. and count 1 to 5, then 6 to 10 with the right hand, starting with yellow, blue, green purple, red.
- Call out colors and have student place the correct finger on the correct color. Students can say aloud the correct finger.
