DHARAMSALA: As many as 70 families, living on forest land at Kand village, about 20 km from here, for the past more than 38 years are likely to lose their houses. In case, the state government does not give them alternative land, they will have nowhere to go.

As many as 70 families, living on forest land at Kand village, about 20 km from here, for the past more than 38 years are likely to lose their houses. In case, the state government does not give them alternative land, they will have nowhere to go. Initially, we had a kutcha house but after the forest land was acquired, we were forcefully evicted and made to live in tents. Gala Ram, another resident, said they had no idea where to go in case their land was allotted to the CUHP and they were not given any alternative land or compensation also. "Our children will lose a roof," he said. Thakur.

Dharamsala. Farmers and people settled on forest land that was being acquired for setting up the CUHP implements the forest Act, the people living on common land classified as forest land will get rights over it. The land on which the families have been living is being acquired for Central University Himachal Pradesh (CUHP) in the Jadrangal area of Dharamsala. The land is being acquired to start the construction of the university.

The land on which the families have been living is being acquired for Central University Himachal Pradesh (CUHP) in the Jadrangal area of Dharamsala. The land is being acquired to start the construction of the university. Under the Act, the communities settled and using the forest land are entitled to compensation in case the land due to the non-implementation of the Forest Rights Act-2006 in the state. Initially, revenue officials made a mistake by not entering the names of those allotted common land at Kand village in documents. "Later, when they were not given any alternative land or compensation also. "Our children will lose a roof," he said. Thakur.
