All of our event units are hired specifically to events.

In other words, if you hire a toilet from us it will not have been previously used on a building site .

We can guarantee that the toilets you receive will be in excellent condition and suitable for your requirements..

All units are supplied with hand sanitising facilities. All consumables are supplied for initial setup, and if you require an ongoing service during your event, we can supply a team of qualified operatives to take care of your welfare requirements.

We can supply any number of toilets from 1- 100 or more
