ABOUT OUR COMPANY

"FLUENT IN EFFLUENT"

D-tox is a successful portable toilet hire and waste management company based in the Midlands. We have a dedicated team with a wealth of experience and expertise in portable sanitation.

We deal with a variety of industries but the majority of our work is undertaken in the Construction sector where we are happy to supply any size project for any timescale.

Covering a large area of the Midlands and beyond, our routing software provides a fuel and time efficient service, whilst our cutting edge software ensures hands free job sign offs and instant customer notifications.

We are proud to offer a wide range of products and services which we regularly increase and look forward to introducing our range to new customers.

WHY USE D-TOX ?

- Family owned and operated
- Wide range of Products and Services
- We are great communicators
- We care about quality and service
- All our staff are highly trained
- We have three decades of experience
- We are registered Waste Carriers
- We plan all transport routes using the latest technology
- We have a friendly hire team
- We specialise in portable sanitation and liquid waste

CHRISTIAN HERITAGE

Managing Director

"I have been involved with running D-tox since I started the company with my father over 30 years ago and in that time a lot has changed for the better. But I am glad to say we have still retained the same flexibility and diligence that we had when we began."

We are a registered waste carrier and all of our tanker staff have Portable Sanitation and CPC qualifications.

Sam - Trustpilot

What can I say... D-tox Group provide us with an AMAZING service from start to finish. I never have any complaints at all from any of my customers. Please pass onto all the team a BIG THANK YOU from me for all their hard work".

Water Deliveries

0800 999 2260

Scan QR Code to access product page on our website

All of our tankers are equipped with both water and waste tanks so they can deliver non-potable water to your site at the same time as emptying your waste tanks. Or we can visit your site just to deliver water. If you need more than one load, no problem. Our drivers have authorised standpipes, so can refill with water near to your site and return quickly.

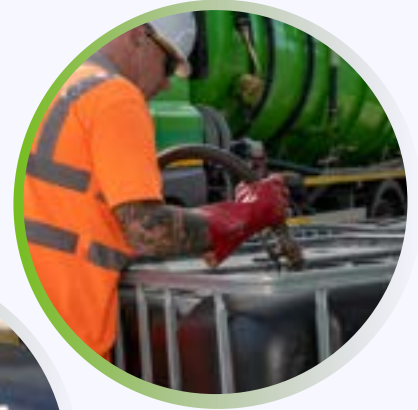

Non-Potable Water

Non-potable water differs from potable water in the way that it is not appropriate for human consumption.

Although non potable water is not suitable for human contact, it has a wide variety of uses that are essential in our everyday lives from plumbing to gardening applications.

anglianwater

Brodie- Trustpilot

"Very friendly and helpful staff who provide a quality, reliable service time and time again. There is a reason we're regular customers!"

Applications

- Toilet flushing
- Pipe Testing
- Ballast for tank installs
- Barrier Filling
- Dust suppression

Welfare Hire

Scan QR Code to access product page on our website

0800 999 2260

Our towable mobile welfare units are the perfect solution for sites without mains water, drainage or power .

With a 6KvA Generator there is enough power to heat the unit, supply hot water and use a kettle and microwave.

There are also electrical outlets available to charge items or plug in other equipment as required.

A great solution for sites that require an office/canteen and toilet in one towable solution.

- Canteen/Welfare Room
- Up to 7 persons
- Hot and cold running water
- Cabin Heating
- Microwave/Kettle
- Seperate Drying Room
- Chemical Toilet including weekly service.
- 6 kva generator
- High security locking doors and shutters

Delivered, commisioned and serviced weekly

Andy - Trustpilot

I have been working with DTox for 11 years now and they service our welfare cabins. They never let me down and we have complete traceability of what day and time they service units. I have nothing but good words to say about this company.

Servicing your units

Scan QR Code to access product page on our website

If you have your own portable toilet that needs a clean we are more than happy to assist. We can empty, replenish and clean portable toilets, welfare vans and welfare units.

We can visit on a regular basis, whether its weekly or monthly or we can attend site on an ad hoc basis to suit your requirements

- All services include a thorough empty of the waste tank, refill of water and fresh chemical blue and interior clean of the toilet area.
- Toilet paper is replaced.
- Electronic Proof of service is supplied via email including photo evidence of the service.
- This can be performed as a regular visit or one off job.
- All services are carried out by fully trained D-tox personnel.
- We Guarantee attendance.
