

Our Mission: To reduce financial stress for those in Southeast Michigan undergoing breast cancer treatment by providing prompt funding for daily living expenses.

Since 2005, Shades of Pink Foundation has helped over 1,000 individuals and their families as they navigate the high costs of a breast cancer diagnosis. Founded on the principle that no person should have to forgo life-saving medical treatment due to financial need, and thanks to the generous contributions of our community, we have been able to provide more than \$2.3 million in grants throughout Southeast Michigan.

As a local Michigan charity, Shades of Pink Foundation provides services to residents in Genesee, Lapeer, Livingston, Macomb, Monroe, Oakland, St. Clair, Washtenaw, and Wayne counties.
