

O WOW! Moment— Chocolate Gum

What happens when you chew chocolate and gum... at the same time?

MATERIALS

- ❖ Chewing Gum
- ❖ Milk Chocolate

GET SET UP

1. Unwrap a stick of gum and start chewing!
2. Keep chewing until the gum is fairly soft.
3. Unwrap the chocolate and pop a piece in your mouth.
4. Chew the gum and the chocolate together...
5. Make sure that the gum and chocolate are together in your mouth as you chew.
6. Don't cheat... chew the chocolate and gum together...
7. What happened?

If you have an allergy to either gum or chocolate please don't do this experiment.
