

0 WOW! Moment— Multi-Color Milk

What happens when you add soap to milk with food coloring on top?

MATERIALS

- ❖ Milk—High Fat works best but even Almond Milk will work
- ❖ Food Coloring
- ❖ Dish Soap
- ❖ Q-Tip or Toothpick
- ❖ Bowl
- ❖ Cup

GET SET UP

1. Pour some milk into a bowl.
2. All around the top layer of the milk drop a few drops of different color food coloring.
3. What happens?
4. Squirt some dish soap into a cup.
5. Pick up some of the dish soap with a toothpick or Q-Tip.
6. Touch the soap near a drop of the food coloring.
7. What happens?
