MG FACILITY SERVICES manages the building and construction of substantial government, commercial, residential, and industrial construction endeavors.

MG Facility Services, a subsidiary of Makwa Global, was formed to offer government agencies a new approach to Tribal Enterprise capabilities. Makwa Global, LLC is a Tribal Enterprise (TE) owned by the Mille Lacs Band of Ojibwe, a business-savvy tribe with over 30 companies and 5,000 employees throughout the world. Makwa companies are SBA 8(a) certified and have a diverse set of capabilities, experience, and history.

MG Facility Services has been responsible for the execution and/or oversight of building projects throughout the world for over 26 years. Our experience ranges from overseas building projects, casinos, hotels, wastewater treatment facilities, clinics, horizontal construction, infrastructure, landscaping, housing facilities, and industrial enterprises maintenance and facility services to support these facilities post construction.

CONSTRUCTION SERVICES

MG Facility Services provides general contracting, construction management, and design-build services for clients throughout the world. Our experts provide a comprehensive suite of offerings spanning the full realm of construction services including architecture/engineering, design-build, interior design, energy and sustainability services, landscape architecture, planning, zoning, and construction.

MG Facility Services is fully bonded and insured, with over 26 years of construction experience in federal, government, and commercial structures. We specialize in the full project life cycle of construction services including new construction, design/build, renovation, repair, quality control, safety, and material procurement. With our expansive experience and a vast subcontractor network of industry experts, we offer specialized services customized to each project.
