

CoreSite Announces Access to Google Cloud Platform

May 9, 2016

Enterprise customers can directly connect to Google Cloud Platform through CoreSite's Any2Exchange® for Internet Peering

DENVER--(BUSINESS WIRE)--May 9, 2016-- CoreSite Realty Corporation (NYSE:COR), a premier provider of secure, reliable, high-performance [data center](#) and [interconnection](#) solutions across the U.S., today announced the availability of direct access to [Google Cloud Platform](#) via the CoreSite [Any2Exchange® for Internet Peering](#).

Google Cloud Platform allows enterprises to build, test and deploy applications on Google's highly-scalable and reliable infrastructure. This collaboration provides CoreSite customers with enterprise-grade connectivity to services such as Google Compute Engine, Google Cloud Storage, and Google BigQuery, with higher availability, lower latency and increased security than Internet connections. As a result, enterprises attain the secure, reliable, high-performance connections needed to operate hybrid- and multi-cloud solutions.

CoreSite customers will be able to connect directly to Google Cloud Platform via the CoreSite Any2Exchange in [Chicago](#), [Denver](#), and [Los Angeles](#). Additionally, customers may access Google Cloud Platform from all of CoreSite's [markets](#) via its network-rich ecosystem of providers or through its inter-site connectivity in select markets. CoreSite offers numerous inter-site connectivity options including lit transport solutions and dedicated dark fiber.

CoreSite's Any2Exchange is the second-largest Internet exchange in the United States and is the largest Internet exchange on the West Coast. With CoreSite's Any2Exchange, customers can make secure, SLA-backed, low-latency connections over one port and at a variety of speeds (including 1Gbps, 10Gbps and 100Gbps) with direct peering to Google Cloud Platform. Customers connecting directly to Google Cloud Platform benefit from reduced congestion and routing issues, reduction in transit costs, lower latency and reduced complexity, all while having access to connect and peer with nearly 400 participating members.

"CoreSite is pleased to announce the availability of direct peering to Google Cloud Platform via our Any2Exchange, providing our customers with a dedicated, flexible and high-performance solution to optimize their evolving cloud and connectivity requirements," said Brian Warren, senior vice president of engineering and product at CoreSite.

CoreSite's U.S. platform provides direct access to over 550 leading network, [cloud and IT providers](#), providing a secure, reliable, and cost-efficient environment to streamline [hybrid and multi-cloud](#) architectures.

About CoreSite

CoreSite Realty Corporation (NYSE:COR) delivers secure, reliable, high-performance data center and interconnection solutions across eight key North American markets. More than 900 of the world's leading enterprises, network operators, cloud providers, and supporting service providers choose CoreSite to connect, protect and optimize their performance-sensitive data, applications and computing workloads. Forward Looking Statements

This press release may contain forward-looking statements within the meaning of the federal securities laws. Forward-looking statements relate to expectations, beliefs, projections, future plans and strategies, anticipated events or trends and similar expressions concerning matters that are not historical facts. In some cases, you can identify forward-looking statements by the use of forward-looking terminology such as "believes," "expects," "may," "will," "should," "seeks," "approximately," "intends," "plans," "pro forma," "estimates" or "anticipates" or the negative of these words and phrases or similar words or phrases that are predictions of or indicate future events or trends and that do not relate solely to historical matters. Forward-looking statements involve known and unknown risks, uncertainties, assumptions and contingencies, many of which are beyond CoreSite's control that may cause actual results to differ significantly from those expressed in any forward-looking statement. These risks include, without limitation: any adverse developments in local economic conditions or the demand for data center space in these markets; operational difficulties, including difficulties relating to information systems, internal processes and information security; significant industry competition; financial market fluctuations; and other factors affecting the real estate industry generally. All forward-looking statements reflect CoreSite's good faith beliefs, assumptions and expectations, but they are not guarantees of future performance. Furthermore, CoreSite disclaims any obligation to publicly update or revise any forward-looking statement to reflect changes in underlying assumptions or factors, of new information, data or methods, future events or other changes. For a further discussion of these and other factors that could cause CoreSite's future results to differ materially from any forward-looking statements, see the section entitled "Risk Factors" in CoreSite's most recent annual report on Form 10-K, and other risks described in documents subsequently filed by CoreSite from time to time with the Securities and Exchange Commission.
