

PRACTICELOGIX

The manual that defines the core values, policies and procedures of your dental practice.

Having repeatable systems with a defined structure allows your practice to operate in the most efficient, effective way possible. PracticeLogix provides a common framework for your team to work from, resulting in maximum benefits for your patients and members of your team.

Structure, hone and document all of your policies and procedures to create consistent service delivery, eliminate redundancy and increase productivity. PracticeLogix is a complete office manual that is focused on the values, policies, and procedures of your dental practice. Your customized manual provides proven policies and procedures as well as forms that capture and organize your existing systems.

This comprehensive manual eliminates the ambiguity that team members so often experience. The savings in time is amazing when everybody does things the same way.

PracticeLogix Includes:

- A detailed description of the goals, philosophies, and vision of your practice.
- A guide to your policies and employment standards.
- Specific outlines of clinical and administrative procedures.
- Practical tools to help you manage your practice on a consistent, ongoing basis.
- Forms to help you capture and organize the logistical details of your practice.
- Other documents and information specific to your practice.

The Benefits:

- Enhanced team communication.
- Dependable and consistent systems.
- Decreased ambiguity of policies and procedures.
- Improved client satisfaction.
- Empowered team.
- Fully leveraged competitive edge.
- Increased efficiency.

The PracticeLogix manual is based on over 25 years of hands-on experience of every facet of dental practice management. It is a practice-specific guide, customized to meet your practice requirements and help you navigate your policies, procedures and expectations. It is a valuable reference tool that will promote efficiency, effectiveness and consistency while upholding the vision for your practice.
