

# SESSION AND WORKSHOP CALL FOR PROPOSALS

The deadline to submit a proposal is **Friday, December 9, 2022 (11:59 pm, PST)**.

## GENERAL PROPOSAL INFORMATION

We are inviting leaders and practitioners from around the country and around the world to join us for the 5th Annual Urbanism Next Conference, April 26-28, 2023, in Portland, Oregon. We are excited to return to an in-person event this year and will further explore the impacts emerging technology is having and will continue to have on cities and communities. During our event, we will focus on the Urbanism Next Framework (see below) and the major themes of understanding the impacts of shared mobility technologies, the shift to mobility as a service, the continued growth of e-commerce and urban delivery, and the anticipated deployment of autonomous vehicles.

## URBANISM NEXT | FRAMEWORK

Proposals are for full sessions *or* workshops. Full sessions are 60 minutes long, include 3-5 speakers, and should include a variety of disciplines and sectors. Workshops are 3 hours long, have at least 3 organizers, should include a variety of disciplines and sectors, can include some presentation, but should also include engaging activities with workshop participants.

### Questions to consider as you frame your proposal:

- How are these emerging technologies (the forces of change) impacting land use, urban design, building design, transportation, and real estate?
- Why do these changes matter? Specifically, what are the implications for equity, health and safety, the economy, and the environment?
- How can these emerging technologies be harnessed to address climate change issues and reduce greenhouse gas emissions?
- How can cities and community leaders address the challenges associated with these emerging technologies and take advantage of the opportunities they present?
- What role should governments and governance play in the deployment and scaling of these technologies? And what are the roles of different levels of government?
- What technologies/innovations can scale, are scaling, or should scale? And which ones cannot, are not, or should not scale? Why? And how do business models, user uptake/interest, and realizable community benefits shape this?
- How is emerging transportation technology and/or e-commerce impacting housing?
- How should cities and buildings be redesigned in light of the changes we are seeing?
- How should the public and private sectors engage communities and with each other about the changes that are happening and what should they do about it?
- What truths are emerging around deployments – in terms of opportunities, barriers, use cases, scalability, and uptake?
- What are the benefits/challenges of new models such as MaaS, mobility wallets, or mobility hubs?
- What updates are there from projects presented at previous Urbanism Next Conferences?
- What additional research is needed?

We strongly encourage proposers to create sessions with speakers that span disciplines and draw from the public, private, and academic sectors. Proposals should address issues that planners, urban designers, architects, landscape architects, developers, and decision makers are grappling with and/or will grapple with in the future. There is no limit on the number of proposals that can be submitted.

This document is a guide to submitting session, workshop, and poster proposals. It lists all of the information you will need to collect to submit a proposal. Note that you must submit a proposal through the online portal – proposals submitted as pdf or word documents will not be accepted.

To submit a proposal, go to: <https://www.urbanismnext.org/events-subpages/urbanism-next-conference-2023-call-for-proposals>

**The deadline to submit a proposal is **Friday, December 9, 2022** (11:59 pm, PST).**

# INSTRUCTIONS AND INFORMATION YOU WILL NEED TO SUBMIT A SESSION OR WORKSHOP PROPOSAL

## SET UP YOUR ONLINE PROPOSAL ACCOUNT

The first time you visit the online proposal site, you will need to insert your email and create a password to set up an account. You will also need the following information:

- Email
- First Name
- Last Name
- Password

## YOUR PROFILE

To set up your profile, you will need the following information:

- Honorific
- First Name
- Last Name
- Designation (F/AICP, AIA, etc.)
- Job or Title
- Organization
- Street Mailing Address:
- State/Province
- Zip/Postal Code
- Country
- Work Phone
- Cell Phone
- Primary E-Mail
- Password
- Bio
- Facebook
- Twitter
- LinkedIn
- Instagram

## HOME

On the home page you will be prompted to indicate whether you are choosing to begin a new proposal, change your contact information, or upload a presenter photo.

## GENERAL PROPOSAL INFORMATION

Are you proposing a half-day workshop or a 60-minute session?

- Three-hour workshop (April 26, 2023)
- 60-minute session (April 27-28, 2023)

Create a short title for your workshop or session.

Please write a short description (100-word limit) of your proposed session or workshop. Note that the session or workshop should present material that is unbiased and non-promotional and communicates a clearly identified educational purpose.

Please identify four (4) learning objectives for your session or workshop using the following prompt: "In this session or workshop participants will be able to understand..."

## TOPICS

### Forces of Change

Which major forces of change will your proposed session or workshop fall under? Note: We will not accept proposals that do not include at least one of the forces of change (select all that apply).

- New mobility technologies
- Mobility as a service
- E-commerce and goods delivery
- Autonomous vehicles

### Multi-Level Impacts / Why it Matters / What to Do

Please select up to **three of the most relevant topics** from any category that your proposed session or workshop will focus on.

#### Multi-Level Impacts

- Land Use
- Urban Design
- Building Design
- Transportation
- Real Estate

#### Why it Matters

- Equity
- Health and Safety
- Economy
- Environment

What to Do

- Design
- Governance
- Education and Outreach
- Research

Other: \_\_\_\_\_

## **PRESENTER REGISTRATION**

All presenters must be registered for the conference. Presenters have two registration options:

1. Discounted full conference registration: \$350. Note that student presenters can attend the conference for free.
2. Presentation only registration: This option allows presenters to attend the conference for their scheduled breakout session or workshop at no cost but does not permit attendance at any additional conference activities.

Approved presenters will receive an acceptance e-mail that includes information on how to register using one of the above options.

## ADD PRESENTERS

You can add yourself as a presenter and the system will populate the presenter information from your profile. To enter another presenter (other than yourself):

1. Please enter the last name or email address of the presenter, then hit "Search."
2. If we have a record for this individual currently in our database, you can add this person as a presenter for this session.
3. If we do not have record of this individual currently in the database, you will need to create a new presenter record including full contact information.
4. Once complete, you can save the individual as a presenter for this proposal.

The information you will need to create add a presenter is:

- Honorific
- First Name
- Last Name
- Designation (F/AICP, AIA, etc.)
- Job or Title
- Organization
- Street Mailing Address
- State/Province
- Zip/Postal Code
- Country
- Work Phone
- E-Mail
- Bio (Please use 100 words or less.)
- Facebook
- Twitter
- LinkedIn
- Instagram

Be sure to click on the button that says: **Save the New Presenter and Add**. The system will not save the information if you just select NEXT. Please add no more than four presenters to your proposal. Once presenters are added, you can indicate their role as moderator or presenter.

## PROPOSAL SUMMARY

You can now review the proposal information. If everything is correct and you are ready to submit, click the **Select this link to complete this proposal** button and your proposal will be submitted. You should receive an email confirmation with all of the proposal information.
