## Engage in Community

Connect with other like-minded young adults from across the country. Throughout the 12-week experience, you'll be **paired with a coach and a group of 5-12 other individuals** within your specific district. But once you're part of the Forerunner family, you're always part of the Forerunner family, and you'll immediately have access to the **broader network of support and resources** provided by the Pentecostal Church of God and International Mission Center.

**Explore  
Your Calling**

**Credentials  
Without the Hassel**

By the end of the Forerunner Experience, you will have met the criteria needed to receive your Minister's License. This is a unique opportunity to **explore your calling and locate your target** in ministry while being supported by the PCG (a global network of 6000+ churches). If you choose to take advantage of this path, **we've streamlined the process just for you!** Forget the long application and interviews, and enjoy a simplified (but no less effective) system of training for ministry.
