On behalf of the all the supporters of Brighton Grassroots and the 78% of Brighton residents polled who did not want the Whole Foods Plaza to be supersized through Incentive Zoning,

THANK YOU for agreeing to impose the following conditions on the Whole Foods Plaza approval – that it will not proceed unless there is proof from Whole Foods that:

- 1) There will be no Amazon Prime Locker  
(which would have greatly increased the traffic);
- 2) There will not be restaurant and pub inside the Whole Foods  
(which would have greatly increased traffic);
- 3) There will be no more than 2 trucks per day making deliveries  
to the Whole Foods store.

The Developer promised all of the above, but you are actually holding him accountable with these three conditions – and making them a condition of any approval !

We appreciate you hearing and protecting the Community, and our safety on Monroe Ave!
