“We strive to build communities people are proud to call home.”

- Supports the Southwest business development teams in the expansion of LIHTC and market rate multi-family programs.
- Has experience in property development, financials, market analysis, and real estate operations.

Experience

Prior to joining Brinshore, Carolyn worked in the affordable housing industry as assistant to senior management and development teams in all phases from acquisition through construction and asset management. Her role included orchestrating multiple private-public partnership events to strengthen and solidify on-going financial relationships, while expanding corporate visibility among potential federal, state and local stakeholders.

Carolyn also has experience in wholesale foodservice sales and account management. She began her career in commercial development working as an assistant for a team focused on the Dulles Corridor in Northern Virginia.

Education

Carolyn received a BS in Finance from Florida State University.
