Service & Repair

### **Air Operated Double Diaphragm**

- Reliable proven technology
- Self-priming
- Massive stock and spares

Additionally, we have after-market access to:

### **Flow Meters**

- Accurate and adjustable
- Positive displacement
- Turbine

\*Pump & Machinery are pleased to be able to offer genuine Wilden pumps and parts parallel imported to ensure competitive pricing and availability. Pump & Machinery warranty.

### **End Suction Centrifugal**

- High efficiency
- High flow
- Great value

### **Magnetic Drive**

- No mechanical seal 100% leak free
- Corrosive liquids high temps
- Plastic body or lined metal body

# VERDER MAG GLOBAL

### Centrifugal Multi-Stage

- Pressure boosting
- Stainless Steel
- Wide range, including booster sets

### **Progressive Cavity**

- Low pulsation
- Self-priming
- German Quality

### **Submersible Pumps**

- Reliable long lasting
- Wide range
- Bore hole pumps

**NETZSCH** 

### **SULZER**

**Turbo Centrifugal Blowers** 

### Lobe (Roots) and Side Channel Blowers

**Vacuum Pumps** 

### Positive Displacement Lobe Pumps

- Great for high viscosity
- Service in place
- Self-priming

### **Vane Pumps & Gear Pumps**

- High Viscosity application
- Chemical processing
- High Temperatures
