MODULAR FABRICATION BUILDING MORE PIECE BY PIECE

INCREASE EFFICIENCY WITH MODULAR FABRICATION

Performance Contractors boasts a comprehensively capable modular fabrication division. From fabrication, to transportation, to installation, our full-service yard is strategically located to expedite and enhance project turnaround time. We've completed modular fabrication jobs across the country, with every single one driving us forward as we seek new ways to enhance project timelines and productivity.

PORT ALLEN

With waterfront access to the Mississippi River and the Intracoastal Waterway and easy access to Interstate 10 and LA Hwy. 1, our timeline from assembly to delivery cannot be matched.

OUR FACILITY:

- Sits on 67 acres
