# Silt Sock

## 12 HD

Construction	Tubular Knit	
Chemical Reaction	Excellent Resistance To Concentrated Acids and Alkalis	
Properties	Fiber Material	HDPE
	Filament Count	60-120
	Color	Black
	Melting Point	330 Fahrenheit
	UV Protection	Photo-degradable
	Approx. Life Expectancy*	18 - 24 Months
	Specific Gravity	0.91
Roll Properties	Roll Weight	40 lbs.
	Roll Length Relaxed	520 ft.
Yield Rate	12" Diameter	480 ft.
Strength Properties	Static Puncture ASTM D6241	2400 N
Packaging	Type	Roll

Silt Sock Fabric is an HOPE similar in Function and Performance as Filtrexx

Weights and packaging may vary slightly in productions runs

All rolls can be shipped individually or combined on a pallet

\*Life Expectancy will vary with your type of application, region and local climatic conditions and should be used as a guideline.

Measurements are obtained from tests done in lab conditions and vary depending on accuracy of infield applications.

All information supplied is considered to be true and accurate . Any non-standard conditions that may affect the application of the fabric should be consulted with Silt Sock .
