RANGEHOOD COLLECTION
Stylish and Silent, the perfect rangehood

Advanced energy efficient technology and beautifully designed, Schweigen silent rangehoods embody form and function.

Silent in operation, using a German engineered external motor system, our rangehoods have long been the choice of interior designers and architects seeking innovative kitchen solutions.

Quality without compromise

“We have built an enviable reputation by offering the finest silent rangehood solution in the market today. Our partnership with European designers and manufacturers allows us to continue to provide appliances that represent quality and outstanding value to Australian homes. In fact, I’m so confident with the quality of our products, every rangehood comes with a 5 year warranty.”

ANTHONY FLETCHER
Managing Director, Schweigen

Schweigen products are distinguished by outstanding design and superior quality. In order to emphasise this claim, we provide a five-year guarantee for our complete product range.
The science behind the silence

Using the very latest and best technology in all our silent rangehood solutions, we have pioneered the Isodrive® silent system. Starting with a precision German manufactured motor, acknowledged as the most efficient and powerful domestic extraction unit available, our patented Isodrive® system delivers the quietest rangehoods in the market.

The patented Isodrive® system removes the motor from the canopy and relocates it outside the home with smart flexi-ducting for optimised airflow and performance efficiency. This system means that the minimal noise generated is outside the home, not in the kitchen.

ACHIEVING A SILENT RANGEHOOD SOLUTION

1. Choose a Schweigen® rangehood design
2. Choose a powerful motor to match your cooking style
3. Free ducting + peace-of-mind warranties

INSTALLING YOUR RANGEHOOD

The Schweigen® Isodrive® motor is mounted on the roof, wall, eave or in-wall. We are proud to supply a list of registered and approved installers for you to select from on our website.
The **Perimeter Aspiration** system (PA.) uses an additional panel of glass or stainless steel to create a ‘venturi’ effect, which helps capture smoke, steam, grease and oil more effectively.

Airborne particles from the cooktop are targeted to the outer perimeter of the canopy where intake is restricted, and it is this narrow space which causes an increase in airflow velocity. The more quickly the airborne particles are captured, the less ‘leakage’ there is into the surrounding cooking zone.

This technology is particularly effective because it relies upon the high extraction power of the Schweigen silent Isodrive® motors.

**Perimeter Aspiration** system panels are easy to clean and open in order to access and remove the filters underneath, for safe cleaning in the dishwasher.
The Balanced Aspiration (B.A.) system is a breakthrough in domestic rangehood appliance technology and features exclusively on models in the Schweigen IN collection.

The system consists of an outer filter which captures grease and oil from airborne particles, and an inner plate. The inner plate is perforated with strategically shaped and spaced holes which help to spread the intake of air more evenly across the filtration zone before it is extracted through the grease filter.

The plate also acts as a barrier, stopping grease from accessing inner mechanical and electrical components, making it more hygienic and safe over long term use.

The Balanced Aspiration system is particularly effective because it relies upon the high extraction power of the Schweigen IN silent Isodrive® motor.

The outer filters are easily removed for cleaning and are dishwasher safe. Once removed, the inner plate can then be wiped clean.

Note: Approximate data, results of the average behaviour of all the products in the range. *Only available on selected models.
Soft touch control panel
Undermount rangehoods have revolutionised the way we look at modern kitchen design. Hidden underneath the cabinetry, they are neither seen nor heard as they actively target and remove airborne grease and odours from your kitchen. The Catalonia is perfect for those who desire a fully integrated kitchen, rather than the more traditional canopy option.

**DESCRIPTION**
- Stainless steel finish
- Easy-remove, dishwasher safe stainless steel filter
- Automatic power-off
- LED Illumination
- Silent Isodrive® motor
- Powerful, silent operation
- 4 extraction fan speeds with electronic control
- Filter clean indicator
- 5 Year Warranty

**TECHNICAL DATA**
- GA-600S dimensions: (W x D) 595 x 295mm
- GA-900S dimensions: (W x D) 895 x 295mm
- 1 x stainless steel filter
- 2 x LED lights

**MODEL OPTIONS**
- GA-600S, 595 x 295mm, stainless steel
- GA-900S, 895 x 295mm, stainless steel

**ISODRIVE POWER OPTIONS**
- S1 - single external motor, 650m³/h airflow, 150mm flexi ducting (4m), install roof/wall/eaves
- ST - single external motor, 900m³/h airflow, 200mm flexi ducting (6m), install roof/wall
- SP - single external motor, 1600m³/h airflow, 200mm flexi ducting (6m), install roof/wall
- 10 Year Motor Warranty

---

**High Quality Stainless Steel Finish**
Superior quality stainless steel that’s hand polished for luster.

**LED illumination**
Innovative wide-angle LED lighting system allows for safe, clear vision while cooking.

**Dishwasher Safe Stainless Steel Filters**
Durable materials that (when regularly maintained) can be run through your dishwasher.

**Automatic Power-off**
Select this function and the hood will switch off automatically after 15 minutes.

**Silent Motor System, up to 1600m³/hr**
Enjoy cooking in peace without motor noise from your appliance.

**4 Extraction Speeds with Electronic Control**
From mild Western style cooking to traditional Eastern cuisine, select the speed that best suits your needs.

**Easy Clean**
Due to the quality of the finish, a micro-cloth is all that’s required to wipe down the perimeter of the appliance to bring it back to life.
4 speed touch sensitive control panel
This rangehood design offers an easy-to-clean surface with the power of Perimeter Aspiration. Available in a sleek opaque black or white glass finish, this rangehood design will integrate seamlessly with your kitchen.

**Glass Finish**
Sleek in design, our glass finish comes in both black or white glass to suit every kitchen.

**Dishwasher Safe Aluminium Filter**
Durable materials that (when regularly maintained) can be run through your dishwasher.

**Automatic Power-off**
Select this function and the hood will switch off automatically after 15 minutes.

**Perimeter Aspiration**
Uses an additional panel to create a venturi effect, which helps capture smoke, steam, grease and oil more effectively.

**Silent Motor System, up to 1600m³/hr**
Enjoy cooking in peace without motor noise from your appliance.

**Strip LED illumination**
LED lighting system allows for safe, clear vision while cooking.

**4 Extraction Speeds with Touch Sensitive Control**
From mild Western style cooking to traditional Eastern cuisine, select the speed that best suits your needs.

**Easy Clean**
Due to the quality of the finish, a micro-cloth is all that’s required to wipe down the perimeter of the appliance to bring it back to life.

**MODEL OPTIONS**
KLS-9GLASSBLKS, 895 x 295mm, black glass
KLS-9GLASS, 895 x 295mm, white glass
Electronic control panel
With its low profile and unobtrusive style, the LINE rangehood silently whisks away airborne particles using the advanced Balanced Aspiration airflow system.

**High Quality Stainless Steel Finish**
Superior quality stainless steel that’s hand polished for luster.

**Dishwasher Safe Stainless Steel Filters**
Durable materials that (when regularly maintained) can be run through your dishwasher.

**Automatic Power-off**
Select this function and the hood will switch off automatically after 15 minutes.

**Balanced Aspiration**
Uses a unique perforated panel behind the filters. This creates a higher than normal level of suction at the extremities, producing an even and balanced capture of grease, fat and oil.

**Silent Motor System, up to 1600m³/hr**
Enjoy cooking in peace without motor noise from your appliance.

**LED illumination**
Innovative wide-angle LED lighting system allows for safe, clear vision while cooking.

**4 Extraction Speeds with Electronic Control**
From mild Western style cooking to traditional Eastern cuisine, select the speed that best suits your needs.

**Easy Clean**
Due to the quality of the finish, a micro-cloth is all that’s required to wipe down the perimeter of the appliance to bring it back to life.

**DESCRIPTION**
- stainless steel finish
- easy-remove, dishwasher safe stainless steel filters
- automatic power-off
- Balanced Aspiration
- silent Isodrive® motor
- powerful, silent operation
- LED illumination
- 4 extraction fan speeds with electronic control
- filter clean indicator
- 5 Year Warranty

**ISODRIVE POWER OPTIONS**
- **S1** – single external motor, 650m³/h airflow, 150mm flexi ducting (4m), install roof/wall/eaves
- **ST** – single external motor, 900m³/h airflow, 200mm flexi ducting (6m), install roof/wall
- **SP** – single external motor, 1600m³/h airflow, 200mm flexi ducting (6m), install roof/wall
- 10 Year Motor Warranty

**TECHNICAL DATA**
- product dimensions: (W x D) 900 x 520mm
- 3 x stainless steel filters
- 2 x LED lights

**MODEL OPTIONS**
WM-LIN9S, 900 x 520mm, stainless steel
4 speed touch sensitive control
ALBA makes an ultra-modern statement in steel and glass. With its advanced Balanced Aspiration airflow system it silently and efficiently removes steam, grease and oil airborne particles.

**Stainless Steel and Glass Finish**
Superior quality stainless steel that’s hand polished for luster. Black or white opaque glass fascia.

**Dishwasher Safe Stainless Steel Filters**
Durable materials that (when regularly maintained) can be run through your dishwasher.

**Automatic Power-off**
Select this function and the hood will switch off automatically after 15 minutes.

**Balanced Aspiration**
Uses a unique perforated panel behind the filters. This creates a higher than normal level of suction at the extremities, producing an even and balanced capture of grease, fat and oil.

**Silent Motor System, up to 2500m³/hr**
Enjoy cooking in peace without motor noise from your appliance.

**Fluorescent and LED Lighting**
Innovative wide-angle LED lighting system allows for safe, clear vision while cooking. It also includes a front panel display light.

**4 Extraction Speeds with Touch Sensitive Control**
From mild Western style cooking to traditional Eastern cuisine, select the speed that best suits your needs.

**Easy Clean**
Due to the quality of the finish, a micro-cloth is all that’s required to wipe down the perimeter of the appliance to bring it back to life.

**MODEL OPTIONS**
KLS-ALBW9S, 900 x 525mm, white glass fascia
KLS-ALBB9S, 900 x 525mm, black glass fascia

**DESCRIPTION**
- stainless steel & glass
- easy-remove, dishwasher safe stainless steel filters
- automatic power-off
- Balanced Aspiration
- silent Isodrive® motor
- powerful, silent operation
- LED illumination
- 4 extraction fan speeds with touch sensitive control
- filter clean indicator
- 5 Year Warranty

**ISODRIVE POWER OPTIONS**
- S1 – single external motor, 650m³/h airflow, 150mm flexi ducting (4m), install roof/wall/ceiling
- ST – single external motor, 900m³/h airflow, 200mm flexi ducting (6m), install roof/wall
- SP – single external motor, 1600m³/h airflow, 200mm flexi ducting (6m), install roof/wall
- 10 Year Motor Warranty

**TECHNICAL DATA**
- product dimensions: (W x D) 900 x 525 mm
- 3 x stainless steel filters
- 1 x fluorescent light
- 2 x LED lights
SURFACE
SURFACE ceiling cassette is designed to be installed into a ceiling or bulkhead. With remote control convenience, a ceiling cassette is the sleek solution for over a kitchen island or peninsula benchtop.

**Stainless Steel Finish**
Superior quality stainless steel that’s hand polished for luster.

**Perimeter Aspiration**
Uses an additional panel to create a venturi effect, which helps capture smoke, steam, grease and oil more effectively.

**Dishwasher Safe Aluminium Filters**
Durable materials that (when regularly maintained) can be run through your dishwasher.

**Automatic Power-off**
Select this function and the hood will switch off automatically after 15 minutes.

**Silent Motor System, up to 3200m³/hr**
Enjoy cooking in peace without motor noise from your appliance.

**LED Lighting**
Innovative wide-angle LED lighting system increases the aesthetic value of the appliance.

**4 Extraction Speeds with Remote Control**
From mild Western style cooking to traditional Eastern cuisine, select the speed that best suits your needs.

**Easy Clean**
Due to the quality of the finish, a micro-cloth is all that’s required to wipe down the perimeter of the appliance to bring it back to life.

**DESCRIPTION**
- Stainless steel finish
- Perimeter Aspiration
- Easy-Remove, dishwasher safe aluminium filters
- Automatic power-off
- Silent Isodrive® motor
- Powerful, silent operation
- LED Illumination
- 4 Extraction fan speeds with remote control
- 5 Year Warranty

**ISODRIVE POWER OPTIONS**
- SP2 - twin external motors, 3000 m³/h airflow, 200mm flexi ducting (2x6m), install roof/wall
- SE - single external motor, 3200 m³/h airflow, 250mm flexi ducting (4m), install roof/wall
- 10 Year Motor Warranty

**TECHNICAL DATA**
- Product dimensions: (W x D) 1300 x 800 mm
- 2 x aluminium filters
- 6 x LED lights

**MODEL OPTIONS**
CC-SURF2S, 1300 x 800mm * May require a bulk head for installation
INART 4M
The INART ceiling cassette fuses a glamorous stainless steel finish with generous dimensions, substantial power and intense draw that employs perimeter extraction. The INART handles any cooking style.

**Stainless Steel Finish**
Superior quality stainless steel that’s hand polished for luster.

**Perimeter Aspiration**
Uses an additional panel to create a venturi effect, which helps capture smoke, steam, grease and oil more effectively.

**Dishwasher Safe Aluminium Filters**
Durable materials that (when regularly maintained) can be run through your dishwasher.

**Automatic Power-off**
Select this function and the hood will switch off automatically after 15 minutes.

**Silent Motor System, up to 3200m³/hr**
Enjoy cooking in peace without motor noise from your appliance.

**LED Lighting**
Innovative wide-angle LED lighting system increases the aesthetic value of the appliance.

**4 Extraction Speeds with Remote Control**
From mild Western style cooking to traditional Eastern cuisine, select the speed that best suits your needs.

**Easy Clean**
Due to the quality of the finish, a micro-cloth is all that’s required to wipe down the perimeter of the appliance to bring it back to life.

**ISODRIVE POWER OPTIONS**
- SP2 - twin external motors, 3000 m³/h airflow, 200mm flexi ducting (2x6m), install roof/wall
- SE - single external motor, 3200 m³/h airflow, 250mm flexi ducting (4m), install roof/wall
- 10 Year Motor Warranty

**TECHNICAL DATA**
- product dimensions: (W x D) 2000 x 1000 mm
- 10 x LED lights
- 8 x aluminium filters

**MODEL OPTIONS**
CC-INARTS, 2000 x 1000mm  * May require a bulk head for installation
PARADIGMA

Light panel drops down to access filter.
The PARADIGMA offers sleek style and combines light and extraction in several modular configurations, making it a versatile solution for the kitchen.

**Silent Motor System, up to 3200m³/hr**
Enjoy cooking in peace without motor noise from your appliance.

**Automatic Power-off**
Select this function and the hood will switch off automatically after 15 minutes.

**LED Lighting**
Innovative wide-angle LED lighting system increases the aesthetic value of the appliance.

**4 Extraction Speeds with Remote Control**
From mild Western style cooking to traditional Eastern cuisine, select the speed that best suits your needs.

**Easy Clean**
Due to the quality of the finish, a micro-cloth is all that’s required to wipe down the perimeter of the appliance to bring it back to life.

**Model Options**
- **CC-PARA4S**: 1 control module, 3 subordinates (stainless steel)
- **CC-PARA4W**: 1 control module, 3 subordinates (white)
- **CC-PARA3S**: 1 control module, 2 subordinates (stainless steel)
- **CC-PARA3W**: 1 control module, 2 subordinates (white)
- **CC-PARA2S**: 1 control module, 1 subordinate (stainless steel)
- **CC-PARA2W**: 1 control module, 1 subordinate (white)

**ISODRIVE Power Options**
- **SP**: single external motor, 1600 m³/h airflow, 200mm flexi ducting (6m), install roof/wall
- **SP2**: twin external motors, 3000 m³/h airflow, 200mm flexi ducting (6m), install roof/wall
- **SE**: single external motor, 3200 m³/h airflow, 250mm flexi ducting (4m), install roof/wall

**Technical Data**
- Individual module dimensions: (W x D) 360 x 360 mm
- Refer to Technical Information on page 57 for number of aluminium filters included

**Note**: Please confirm the module configuration and motor power with your representative before ordering.
To maximise the performance of your rangehood, it is important to select a motor power option that suits the cooking technique you use the most.

Dishes high in spice ingredients or with intense smoke generated from a wok or grill, require much stronger extraction power to perform effectively.

The table below will help you identify the motor power option best suited to your rangehood and cooking extraction needs.

### Selecting the right rangehood motor

*Some exceptions apply

- **Isodrive® 650**
  - Everyday Steaming/Light Pan Frying
  - 650 m³/h of airflow
  - Motor housing is made from ASA, the most durable of plastics in direct sunlight
  - Motor comes with solid roof extension pipe and bell housing

- **Isodrive® 900**
  - Everyday Steaming/Pan Frying/Grilling
  - 900 m³/h of airflow
  - Motor housing is made from ASA, the most durable of plastics in direct sunlight
  - Motor comes with solid roof extension pipe and bell housing

- **Isodrive® 1600**
  - Heavy Steaming/Spicy Wok Frying/Grilling
  - 1600 m³/h of airflow
  - Motor housing is Colourbond® steel, which can be painted to any colour
  - Motor comes with solid roof extension pipe and bell housing
  - Suggested minimum power option for 90cm rangehoods over induction cooktops

- **Isodrive® 3000**
  - All Cooking Styles
  - 3000 m³/h of airflow
  - Motor housing is Colourbond® steel, which can be painted to any colour
  - Motor comes with solid roof extension pipe and Y joint
  - Optional 3200 kit

- **Isodrive® 3200**
  - All Cooking Styles
  - 3200 m³/h of airflow
  - Motor housing is Colourbond® steel, which can be painted to any colour
  - Motor comes solid roof extension pipe and Y joint
